14

Splitting the GOP would ensure that the Democrats win every election from here on out.

We don't need a new party. We need to completely take over the GOP and toss the neocons and uniparty fucks out.

permalink parent save report block reply

▲ **Mustachi0** 3 months ago +23 / -1

22

There won't be a GOP or Dem party when we are done.

5

Primaries are where elections are really won. Nobody would have voted for Jeb "the chosen one" Bush in 2016.

permalink parent save report block reply

▲ **RuthBGinsburgsTumor** 3 months ago +4 / -0

4

“ Splitting the GOP would ensure that the Democrats win every election from here on out.

You're still assuming that everyone who's voting (D) will keep voting (D) if there's a MAGA party spinoff. Trump's rallies where substantial %'s of attendants were registered Democrats and Independents says otherwise.

▲ **BenPoolDiceTuckStyx** 3 months ago +7 / -0

7

Sounds cool, but I remember a certain Clinton that won two elections because of a split vote.

11 ▼ January 6th Wishlist:

1- Trump 2nd term 2- Investigation starts on the elections, to finally understand how big was the cheating 3- Some people(traitors) start to get arrested 4- MSM and Big Tech get sued for interference in the elections 5- The 4D chess move is revealed to the public(the one who still were "deboooooonking") and is the wildest ever. (there are more points to add, but keeping it short)

5 ▼ **Rally HAM RADIO operators with UHF HTs**

The Central Maryland Repeater Group (CMRG) consists of 5 UHF repeaters linked together to provide coverage to a majority of the State of Maryland.

It also provides coverage to Washington, D.C., Northern Va. and South Central Pa. Program all of these and see which ones you can reach. 5Mhz +/- offsets.

The system has been used for ARES & RACES drills.

Amateur Repeater in the system include:

444.7000+ Laurel, Md. CTCSS 167.9 hz

448.9250- Suitland, Md. CTCSS 167.9 hz

444.1000+ Frederick, Md. CTCSS 167.9 hz

449.6750- Baltimore, Md. CTCSS 167.9 hz

447.0750- Aquasco, Md. CTCSS 167.9 hz

I will be monitoring it all day. I've heard QSOs on it but on 1/6 **everyone should back off and reserve it for emergency traffic** if cell service becomes unreliable. Realize though that **if you need to dial 911 try that on your phone FIRST even if service is generally unreliable, the cell system is designed to prioritize those calls.**

For rag chewing, try simplex freqs in the crowd and see who answers:

1 Hey guys - i am an infrequent visitor here ever since the cucks at reddit shut down our ~~sub~~ Domreddit.

I am behind on the news because of real life stuff, new baby, jobs, work on house etc etc.

What's our story here? Is there any realistic chance something changes in the general election?
